ADDITIONAL NOTES

DISCLAIMER

BBQ Freedom LLC strongly recommends that a BBQ Freedom representative or qualified professional perform all measurements prior to ordering equipment.

BBQ Freedom LLC will not be responsible for inaccurate grill specifications, incorrect cut-out measurements, trim kit fitment, clearance issues, or installation complications resulting from measurements provided by customers, contractors, or third parties.

Additional charges may apply if modifications are required during installation. A licensed plumber and/or electrician may be required depending on existing site conditions. Additional labor, materials, service work, electrical upgrades, plumbing modifications, countertop modifications, ventilation changes, or access limitations may result in additional installation costs.
